BEST PRACTICES

Ref No.

2016 -17

Date :

1) Title of the Best Practice - Self Governing Day

Objectives of the Practice :-

- To inspire the student to set their goal in the field of teaching as well as in administration.
- To develop the skill to deliver speech before the audience
- To develop the skill to point out the topic briefly
- To aware the students about the working in the office.
- to develop the skill of class control.

The Context –

Our institution is located in such an area where the students have not much scope of the employment. More than 95% of the students in our college belong to the rural area and economically backward classes, so that they couldn't go out of this locality to find the job even after their graduation. In our locality due to the lack of Industrial area, co-operative sector, banking sector, the students couldn't have opportunity to get the job. The students of BA and B.Com. programmes have much scope in the field of teaching. As in Jalgaon Jamod area, there are some private educational institutions; some of the students could get the job in these institutions. For these purpose we introduce the Self Governing Day in our college to inspire the students to set their goal in the field of teaching.

Practice –

On the Birth Anniversary of Dr. Sarvapalli Radhakrishnan i. e. 5th September, we organize the Self Governing Day. For this programme we call the applications from the students for the post of Principal, Teachers, Superintendent, Clerks, and Peons. The committee sorts the applications and called the students for the selection and selects a Principal, the Teachers for all the classes for each subject, a Superintendent, two clerks and two Peons. The teachers selected have given ample time for the preparation of their subject. The committee prepare the time-table for the day. On 5th Sep. as per the prepared time-table the teachers selected engage the periods. The Principal, Superintendent, the clerks and peons do their allotted work. The regular teachers observe the teaching and working of the participants and give them the marks according to their performance. The first three best performers from the teaching and one best performer from the nonteaching including the Principal selected are given the Prizes.

Evidence of success –

The students participated in the Self Governing Day much inspired to secure their career in the field of teaching. After graduation many students go for B.Ed. Some of the students got the job in the private educational institutions located in Jalgaon Jamod and around this locality.

Problems Encountered and Resources Required –

The college dose not encountered any problem for implementing this programme.

BEST PRACTICES

2) Title of the Best Practice – Book Bank Facility

In our college we have started book bank facility for our regular and ex students. This activity helps students

- to inculcate habit of reading and increase their interest in studies.
- Book bank facility enhance the reading skill and improve their performance in the examination.
- During the days of examination when the library cards limit is expired due to annual clearance process, students are provided with this book bank facility to continue their study without any problem.

Context –

Our institution is established to provide the higher education facilities to the students who belong to the rural locality and economically backward area that the students could not purchase all the text books of their courses. As the students who couldn't purchase the books, we introduce the Book Bank facility.

Practice

The library of our college provide the facility of Book Bank to the regular students as well as ex-students on the basis of minimal deposit. Once the students are admitted in the college they are provided a library card. On this library card the students can get one book from the library for 7 days. This is the regular system of the library for issuing books to the students up to the annual clearance. If the students want more than one book or after the annual clearance, they can use the Book Bank Facility to get the book. The students deposit the minimal amount for the book and they can have it. The students who have interest in reading the books other than text books even in the vacation, they can use this facility. The ex-students who prepare for the competitive examination, they are also benefitted by using this facility. When the students return those books to the library, the library refund them their deposit. In this way the students could have the book facility free of cost.

Evidence of success

By using the Book Bank facility; many students get success in the examination. The students are habitual of reading the books in the vacation. Many students prepared themselves for the competitive examination.

Problems Encountered and Resources Required

Because of the limited stock of books we cannot provide this facility to all the students so only the limited students can be benefitted by this facility.

Principal,
Shripad Krishna Kolhatkar
