Birth Anniversary of Mahatma Gandhi and Lal Bahaddur Shastri.

Birth anniversary of Mahatma Gandhi and Lal Bahaddur Shastri is celebrated in our college every year.

October 2 happens to be the birth anniversary of two of India's greatest leaders, Mahatma Gandhi and Lal Bahadur Shastri, who were instrumental in India's freedom struggle. Both Mahatma Gandhi, and Lal Bahadur Shastri's lives are exemplary and a source of motivation for students. Both these men are known to exhibit clarity and calmness even in situations that created panic. Their clarity of thoughts and resolve to act is something students can learn from. Mahatma Gandhi is known for propounding the ideas of truth and non-violence. Gandhi was one of the pre-independence figures who opposes western system of education.

He believed that education should focus on imparting knowledge and not as a means to earn livelihood.

From Mahatma Gandhi, one essential value that students can learn is discipline. A disciplined life is a necessity for students. A simple time-table can prove to do wonders for students.

Lal Bahadur Shastri is known for his calm demeanour and composure even in most critical of situations. He also believed in self-reliance and putting nation first before self.

Lal Bahadur Shastri was a simple man who believed in action. While his simplicity is something that a student should definitely learn from, another thing to learn is his composure even in drastic situations. To have a calm mind can help students tackle problems easily and is a desirable quality in all situations.

One Day Workshop on 'life and teachings of Swami Vivekanand'

In our Institution we have organized one day workshop on the life and teachings of Swami Vivekanand by the Swami Vivekananda Board on 5 Oct, 2018 in which 200 students participated. One of India's most influential spiritual leaders and thinkers. He was a philosopher, monk, and teacher who played a key role in the Indian independence movement and the resurgence of Hinduism in India. He is also known for his contributions to the field of education and his efforts to empower the youth of India. His teachings on education, nationalism, and spirituality continue to be relevant and have a great impact on the youth of India.

Let us look at some of the life lessons that Swami Vivekananda has taught us. Swami Vivekanand encouraged people to engage in selfless service and to work towards the betterment of society.

"Arise, awake and stop not till the goal is reached."

He taught us that we should never give up on our goals and aspirations. He urged people to be determined and persistent in their efforts to achieve their goals. He believed that by being steadfast and persistent, we can achieve anything that we set our minds to.

"Education is the manifestation of the perfection already in man. Swami Vivekananda believed that education should be used to bring out the best in an individual. He believed that education was not just about acquiring knowledge, but also about developing one's innate potential. He encouraged people to strive to become the best.

Birth Anniversary of Mahatma Gandhi and Lal Bahaddur Shastri.

Birth anniversary of Mahatma Gandhi and Lal Bahaddur Shastri is celebrated in our college every year.

October 2 happens to be the birth anniversary of two of India's greatest leaders, Mahatma Gandhi and Lal Bahadur Shastri, who were instrumental in India's freedom struggle. Both Mahatma Gandhi, and Lal Bahadur Shastri's lives are exemplary and a source of motivation for students. Both these men are known to exhibit clarity and calmness even in situations that created panic. Their clarity of thoughts and resolve to act is something students can learn from. Mahatma Gandhi is known for propounding the ideas of truth and non-violence. Gandhi was one of the pre-independence figures who opposes western system of education. He believed that education should focus on imparting knowledge and not as a means to earn livelihood. From Mahatma Gandhi, one essential value that students can learn is discipline. A disciplined life is a necessity for students. A simple time-table can prove to do wonders for students.

Lal Bahadur Shastri is known for his calm demeanor and composure even in most critical of situations. He also believed in self-reliance and putting nation first before self.

Lal Bahadur Shastri was a simple man who believed in action. While his simplicity is something that a student should definitely learn from, another thing to learn is his composure even in drastic situations. To have a calm mind can help students tackle problems easily and is a desirable quality in all situations.

She was born on January 12th, and the day is commemorated every year as Rajmata Jijau Jayanti, honoring her for her role in shaping Shivaji Maharaj’s life, the strong upbringing she gave him, and how it helped him become the great leader of the Maratha Empire.

Birth Anniversary of Sane Guruji

In our college we celebrate birth anniversary of National Teacher, Sane Guruji, today. Pandurang Sadashiv Sane was known as Sane Guruji by his students and followers. He was a Marathi author, teacher, social activist and freedom fighter from Maharashtra, India. Sane Guruji was famously acknowledged for his book "Shyamchi Aai" all over India. A gifted orator, Sane chose teaching as vocation in which he excelled and earned the title as "Guruji" in no time. He believed more in practicing than preaching and opted to serve in a rural school. The boys were very fond of him as he bestowed motherly affection on them as he would make them sing, play and narrate stories. He taught to imbibe love of nature by planting trees and asked to celebrate the "Festival of Buds". He also started an immensely popular magazine called "Vidyarthi".

Birth Anniversary of Mahatma Gandhi and Lal Bahaddur Shastri.

Birth anniversary of Mahatma Gandhi and Lal Bahaddur Shastri is celebrated in our college every year.

October 2 happens to be the birth anniversary of two of India's greatest leaders, Mahatma Gandhi and Lal Bahadur Shastri, who were instrumental in India's freedom struggle. Both Mahatma Gandhi, and Lal Bahadur Shastri's lives are exemplary and a source of motivation for students. Both these men are known to exhibit clarity and calmness even in situations that created panic. Their clarity of thoughts and resolve to act is something students can learn from. Mahatma Gandhi is known for propounding the ideas of truth and non-violence. Gandhi was one of the pre-independence figures who opposes western system of education.

He believed that education should focus on imparting knowledge and not as a means to earn livelihood.

From Mahatma Gandhi, one essential value that students can learn is discipline. A disciplined life is a necessity for students. A simple time-table can prove to do wonders for students.

Lal Bahadur Shastri is known for his calm demeanour and composure even in most critical of situations. He also believed in self-reliance and putting nation first before self.

Lal Bahadur Shastri was a simple man who believed in action. While his simplicity is something that a student should definitely learn from, another thing to learn is his composure even in drastic situations. To have a calm mind can help students tackle problems easily and is a desirable quality in all situations.

Gadge Maharaj (23 February 1876 - 20 December 1956; also known as Sant Gadge Maharaj or Sant Gadge Baba) was an Indian Mendicant-saint and social reformer from the Indian state of Maharashtra. He lived in voluntary poverty and wandered to different villages promoting social justice and initiating reforms, especially related to sanitation. He is still revered by the common people in India and remains a source of inspiration for various political parties and non-government organizations.[[]

His teachings were simple — give food to the hungry and shelter to the needy and protect the environment. A common man's teacher, the Baba travelled all over the countryside, carrying his trademark broom and wearing his food pan upturned on his head.

Felicitation of ex-servisemen

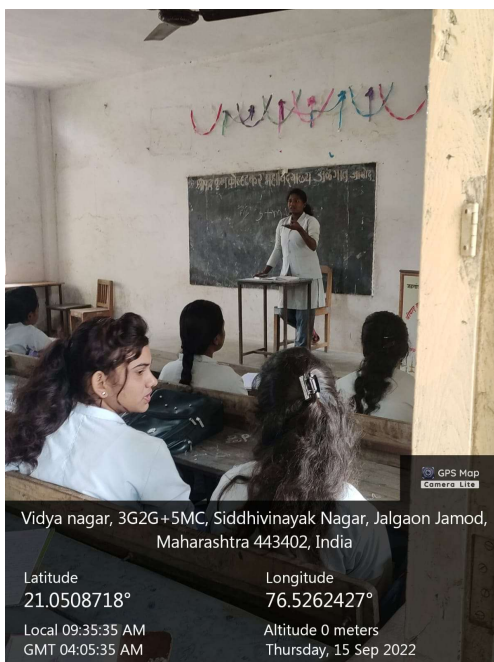

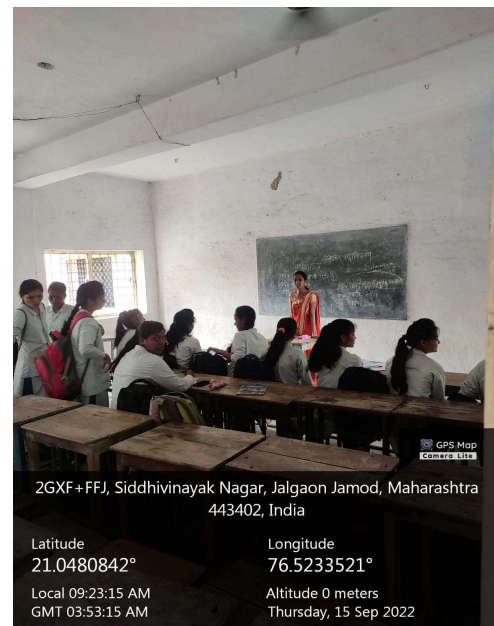

The motto of the Indian army is '**Seva Paramo Dharma**'. Indian soldiers are the true heroes of our nation. They guard our national borders day and night, and sacrifice their lives to protect us from the attacks of enemies. Indian soldiers are true patriots who devote their lives to upholding the pride of our nation. During their service, they are subjected to multiple encounters. That is the reason behind their vigorous training. They are taught army values such as loyalty, respect, duty, honour, selfless service, courage, and integrity. Soldiers lead a very disciplined and tough life in the military camps. They perform rigorous tasks to strengthen them both physically and mentally. Fighting war to meet external aggression, managing internal security and resolving internal threats, force projection, conducting peace keeping operations or providing military assistance to friendly foreign countries, and rendering humanitarian assistance, disaster relief and aid to civil authorities are some of the main duties performed by the Indian soldiers. Hence on the occasion of national festival of India we invited retired soldiers and honored them for their commitment and devotion for India.

Birth Anniversary of Mahatma Gandhi and Lal Bahaddur Shastri.

Birth anniversary of Mahatma Gandhi and Lal Bahaddur Shastri is celebrated in our college every year.

October 2 happens to be the birth anniversary of two of India's greatest leaders, Mahatma Gandhi and Lal Bahadur Shastri, who were instrumental in India's freedom struggle. Both Mahatma Gandhi, and Lal Bahadur Shastri's lives are exemplary and a source of motivation for students. Both these men are known to exhibit clarity and calmness even in situations that created panic. Their clarity of thoughts and resolve to act is something students can learn from. Mahatma Gandhi is known for propounding the ideas of truth and non-violence. Gandhi was one of the pre-independence figures who opposes western system of education.

He believed that education should focus on imparting knowledge and not as a means to earn livelihood.

From Mahatma Gandhi, one essential value that students can learn is discipline. A disciplined life is a necessity for students. A simple time-table can prove to do wonders for students.

Lal Bahadur Shastri is known for his calm demeanour and composure even in most critical of situations. He also believed in self-reliance and putting nation first before self.

Lal Bahadur Shastri was a simple man who believed in action. While his simplicity is something that a student should definitely learn from, another thing to learn is his composure even in drastic situations. To have a calm mind can help students tackle problems easily and is a desirable quality in all situations.

Gramgeeta: an epic on Indian village life is a book of poetry authored by Rashtra Saint Tukadoji Maharaj This book is an ideal reference for developing village community.

The book has the following significant conclusions in it:

1. God cannot be found in Temples, churches and Mosques as he is everywhere.
2. The best devotion to God is human upliftment
3. Forget the fast traditions and teach younger generation tradition that make your village proud of its achievement.
4. O'God, Your power perfection has not penetrated in us and thus ignorance prevails amongst us.
5. The touch of divine knowledge makes one understand what is wrong and right
6. People have become weak, ignorant, dome due to belief in blind faith in God and Dharam
7. Our talent does not belong to us alone for our enjoyment it is meant for development of the village.

Tukdoji Maharaj also wrote the poem *bodhamruth* which is used in an educational syllabus.

हर देशमे तू हर भेष में तू तेरे नाम अनेक तू एकही

Today, new generation is always blamed for going astray. Blame game goes on. Some blame social media while others say that the interest, hobbies and tastes of new generation have changed. Whatever may be the reasons, but it is true that now a days students are not very serious about reading literature. Now question comes, how to tackle this problem? After having deliberated on this issue, the college felt that the students should be taught lessons in value education and ethics. Keeping this objective in mind, the college decided to introduce 'Gramgeeta Jivan Vikas Pariksha' for under graduate students. It is through the curriculum of this examination the college desires to inculcate values amongst the students for developing their holistpersonality. We believe that the character of the students can be shaped by teaching them the life lessons and literature of great saints like Sant Tukdoji Maharaj, Sant Gadge Maharaj etc. Since most of the students of our college hail from rural area, we thought it fit to teach them the literature of Sant Tukdoji Maharaj, a great social reformer and a litterateur
